

§ 435.1006

42 CFR Ch. IV (10-1-99 Edition)

§ 435.1006 Recipients of optional State supplements only.

FFP is available in expenditures for services provided to individuals receiving optional State supplements but not receiving SSI, if their income before deductions, as determined by SSI budget methodology, does not exceed 300 percent of the SSI benefit amount payable under section 1611(b)(1) of the Act to an individual who has no income and resources.

[45 FR 24887, Apr. 11, 1980]

§ 435.1007 Categorically needy, medically needy, and qualified Medicare beneficiaries.

(a) FFP is available in expenditures for covered services provided to categorically needy recipients, medically needy recipients, and qualified Medicare beneficiaries, subject to the restrictions contained in subpart K of this part and as provided in paragraphs (b) and (e) of this section. However, the restrictions listed in paragraphs (b) and (e) of this section do not apply to expenditures for medical assistance made on behalf of qualified Medicare beneficiaries under section 1905(p) of the Act; individuals receiving Medicaid as categorically needy under section 1902(a)(10)(A)(i) (I), (II), (III), (IV), (V), (VI), or (VII) and section 1902(a)(10)(A)(ii) (I), (IX), or (X) of the Act; individuals who are eligible to receive benefits (or would be eligible for those benefits if they were not in a medical institution); and any individuals deemed to be members of the groups identified in this sentence.

(b) Except as provided in paragraphs (c) and (d) of this section, FFP is not available in State expenditures for individuals (including the medically needy) whose annual income after deductions specified in § 435.831 (a) and (c) does not exceed the following amounts, rounded to the next higher multiple of \$100.

(1) For individuals, 133⅓ percent of the highest money payment amount most frequently made to one-person families without income and resources under the State's AFDC plan.

(2) For couples and families of two or more, 133⅓ percent of the highest money payment most frequently made under the State's AFDC plan to a fam-

ily of the same size without income and resources. If the State's AFDC plan specifies a maximum family size beyond where there is no increase in benefits, the medically needy income levels for families whose size exceeds that maximum will be determined by adding an amount for each family member over the maximum size. These amounts must be reasonably related to the amounts by which the State's AFDC plan increases benefits for additional family members in families below the maximum size.

(c) In the case of a family consisting only of two individuals, both of whom are adults and at least one of whom is aged, blind, or disabled, the State of California may use the amount of the AFDC payment most frequently made to a family of one adult and two children for purposes of computing the 133⅓ percent limitation (under the authority of section 4106 of Public Law 100-230).

(d) For purposes of paragraph (b)(1) of this section, a State that as of June 1, 1989, has in its State plan (as defined in section 2373(c)(5) of Public Law 98-369 as amended by section 9 of Public Law 100-93) an amount for individuals that was reasonably related to 133⅓ percent of the highest amount of AFDC which would ordinarily be paid to a family of two without income or resources may use an amount based upon a reasonable relationship to such an AFDC standard for a family of two.

(e) FFP is not available in expenditures for services provided to categorically needy and medically needy recipients subject to the FFP limits if their annual income, after the cash assistance income deductions are applied and before the less restrictive income deductions under § 435.601(c) are applied, exceeds the 133⅓ percent limitation described under paragraphs (b), (c), and (d) of this section.

§ 435.1008 Institutionalized individuals.

(a) FFP is not available in expenditures for services provided to—

(1) Individuals who are inmates of public institutions as defined in § 435.1009; or
